Private Pilot Licence Course

The adventure of flying begins with your Private Pilot Licence (PPL). With this licence you can venture out into the world of aviation. Whether you plan to fly for fun, with friends and family, provide yourself with transportation, or simply build time and experience for future ratings, it all begins with the Private Pilot Licence.

The training consists of flight training in an aeroplane and ground theory training. Your instructor will carefully plan the training so that these two elements are integrated ensuring that you receive the highest standard of flight training possible while minimizing your training costs.

1. Recreational Pilot Licence (RPL)

Dual C172 26 hours @ \$290.00 ph	\$7,540.00
